

**THE CENTER FOR PATIENT PARTNERSHIPS**  
AT THE UNIVERSITY OF WISCONSIN - MADISON

## Application for Patient Advocacy Services

Our primary mission is educating future professionals in health advocacy and patient-centered care. Through this educational process, we provide patient advocacy services to individuals with life threatening and serious chronic illnesses. We make every effort to assist individuals in an efficient and effective manner. As a small educational center, clients often must wait for services. We do our best to prioritize urgent cases. If we cannot take your case, we provide referrals to community resources whenever possible.
